Batch Testing (Kit Plus Pricing)

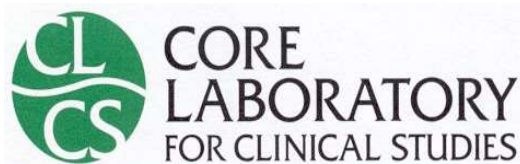

All Tests listed here are Research Use Only, and are not for diagnostic purposes.

Important Information about Batch Testing:

1. All testing listed here is billed on a Kit plus basis (Kit cost **plus** per sample charge).
2. You may submit less than the minimum number of samples, but you will be billed for the minimum number of samples.
3. The Approximate Kit Price includes the cost of the kit plus the radioactive materials surcharge (if applicable), any quality controls or special materials needed, and shipping/handling cost.
4. Kit Prices are approximate and are subject to change without notice; charges will reflect the actual cost at the time of testing. Please contact us for a current quote.
5. If you have a larger batch of tests, please contact us about a possible volume discount.
